No joy or pleasure on this earth quite equals that which comes into the home when baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate wife that is blood of their blood

and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of Catherine St., Syracuse, N. Y., writes: "Your medicine has done wonders for me. For years my health was poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

For 21 one-cent stamps to cover cost of mailing only, you can get a free copy of the celebrated doctor book, the Common Sense Medical Adviser, 1008 pages, illustrated. Cloth-bound, 10 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be told if he will use Newbrow's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Hotel, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics
If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatin.

Kodol Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds five times as much as the trial, at 50 cent size.

CHILDREN MURDERED.

For twenty-four hours up to Saturday afternoon a crowd of searchers from Digby, near Halifax, N. C., had been scouring the woods and the surrounding country for two children who had been missing. Late in the afternoon one of the party found one of them, a babe a year and a half old, and in an hour, farther in the woods, the other was discovered. Both presented a fearful spectacle. The infant was living, but the older child was dead. It was murder, which in one case had succeeded and in the other the crime had almost been accomplished.

A woman, Mary Hope Young, whose husband, she says, was Fred Young, a Boston lawyer, is the mother of the infant, and her dead sister was the mother of the murdered child. Mrs. Young is suspected of the crime.

The infant, Elma Young, was found tied hand and foot. Its mouth had been stopped with the cotton hood it wore, which had been rolled up and bound tightly across its face, covering mouth and nose, and with ribbon its hands had been bound up under its chin. In the struggle to free its hands the cotton which stopped the mouth and nose had become displaced and suffocation was prevented.

The murdered child, May Ward, had not half her limbs tied, but across her mouth and nose was a large burdock leaf, and over this the child's hood had been tightly drawn, while around was bound a quantity of rope yarn. Suffocation must have quickly followed the application of this contrivance. The fact that the body rested as though it had not been moved after being placed in the twilight depression in the ground where found, indicated that life was extinct before the little form was so placed.

The parentage of the children is open to some question. The elder, May Ward, is said to be the child of May Ward, formerly of New London, Conn., later of Boston, where she died a couple of years ago, and a sister of Mary Hope Young. The body of the dead child was dreadfully emaciated.

Money has been coming from Boston for the children, and it has been suggested as a motive for the crime, that it was hoped still to get this without the expense of maintaining them. The woman will be arrested.

Mrs. Young is twenty years of age, and was married in Boston in 1902. Her husband, she said, died in September last. She said that she had adopted May Ward three weeks after her marriage, and that the child's mother still lives in the United States. Elmer Young, she says, is guardian of the little child Elma.

ROYAL ARCANUM.

Howard C. Wiggins, supreme regent of the Royal Arcanum, yesterday pronounced false the published reports that there had been a meeting in Rome, N. Y., of some of the members of the Supreme Council to consider plans to prevent a session of councils from the order, which the report alleged was threatened. Mr. Wiggins charged that certain enemies of the order were circulating false reports concerning it.

"There is no occasion for alarm," he said, "and no occasion for conference upon the part of Supreme Council officers. The statement contained in the report of Saturday, that at every council meeting since the present agitation began from five to twelve members have been suspended is absolutely false and untrue."

"At council meetings which are being held members are being initiated, new applications are being received and others who held \$1,000 certificates by reason of the improved plan are making application to have the amount of their protection increased to \$2,000 and \$3,000 certificates. The rates recently adopted represent the actual cost of protection, as shown by our 27 years' experience."

Mr. Wiggins said the courts in various States have upheld the power of fraternal orders to increase their rates of assessment when necessary, in order to provide for meeting the mortuary obligations, and similar action to that taken by the Supreme Council had been sustained by repeated decisions. He declared that the Royal Arcanum had distributed over \$94,000,000 to the beneficiaries of deceased members and that not a single penny of the money contributed by the membership had ever been diverted from the purpose originally intended.

Attacked by Strike Sympathizers. Charles Tull, colored, and two companions, who arrived in Chicago yesterday from Iowa, were mistaken for strike breakers while searching for room near west Forty-seventh street and Ashland avenue, and were attacked by a crowd of strike sympathizers. Tull's companions escaped uninjured, but Tull, after being beaten and chased, was rescued by the police while efforts were making to lynch him.

When the negroes were first attacked, several men seized Tull and struck him with clubs. He finally broke away and ran. The mob followed, and several shots were fired by the pursuers. The shots brought the negro to a standstill, and the mob surrounded him. He was then thrown to the ground and beaten

and kicked until he was unconscious.

A boy was sent for a rope, but before he returned the police arrived, and the crowd scattered.

Tull was so seriously injured that he was taken to the County Hospital. He may die.

Suicide of a Linguist.

After having been missing for two days, Prof. Leon N. Hasliff, a widely-known teacher of languages, was found dead in a ravine near Richmond. He had taken two ounces of carbolic acid and the greater portion of a box of rough on rats.

A vial containing the remains of the acid was found clasped in his right hand. Another acid bottle lay empty nearby, and the partly emptied box of rat poison was beside it, as was also a razor with the blade open. The suicide evidently had not been able to use the razor. A jury was impaneled and brought in a verdict of suicide.

Prof. Hasliff, a Russian by birth, and a linguist of considerable fame, was once professor of languages in Richmond College. Of late years he had been a private teacher, but had not prospered, and it is believed it was his financial destitution which drove him to suicide. He had once before attempted his life.

In the last few days, it is said, he and his wife had not had sufficient money to buy food. They had no children. Prof. Hasliff went to Richmond twenty-five years ago from Russia. He was at that time well to do, but lost heavily in stocks.

The wife of the unfortunate man, who loved him devotedly, was dazed by the news of his death, and has made threats to kill herself also.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Haverlyville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption. A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and \$1.00, guaranteed. Trial bottle free."

Found a Cure for Dyspepsia.

Mrs. S. Lindsey, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick.

The Children's Favorite.

For Coughs, Croup, Whooping Cough, etc., One Minute Cough Cure is the children's favorite. This is because it contains no opiate is perfectly harmless, tastes good and cures. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick.
